Short Description: A mini-book helping wives to relate carefully to their husbands within the framework of biblical parameters of authority

The world's idea of a submissive wife is humorous at best. Yet God's idea is to give her the freedom to be the special person she was created to be. This mini-book looks at God's idea of submission, defines what it does and does not mean, considers its implications in marriage, dispels lies, and ends with practical helps for application.
