Short Description: A mini-book for parents who are struggling to establish sound behavior patterns with their children

We live in a society dominated by child-centered parenting. The almost incessant whining and misbehavior of out-of-control children leads the discerning person to ask, "Just who is in charge anyway?" In this book, the seasoned parents of ten children provide frazzled moms and dads with practical counsel for bringing order to their home. What's the key? Instilling respect for God-given authority at an early age. How can this be done? By the faithful application of firm, loving discipline.
