Short Description: A small book helping people to identify and commit to being involved in a biblically functioning local church

As the old joke goes, if you find a perfect church you shouldn't join it, because if you do it won't be perfect anymore. Whenever sinners work together in close quarters, whether in churches or in families, conflict and disappointment will arise. Regardless of flaws, however, God designed us to need one another, and for the church to need us. But how do you find a good church? What are the qualities to look for? This mini-book gives sound wisdom that will guide you through this important decision.
